G.M. CHAIRPERSON'S REPORT – FEBRUARY 25, 2010

Employment Opportunity at CAMI Automotive

On Monday, February 22nd 2010, we reached an agreement with General Motors that allows for indefinitely laid off GMCL employees, who retain recall rights, to apply for Preferential Hire at CAMI Automotive. The expected duration of this employment opportunity is 12-18 months. Employees hired on at CAMI will accrue GMCL credited service for pension purposes. These employees will not regenerate SUB, nor will they establish a new "last day worked" for the purposes of para 54(f).

Employees receiving an opportunity to work at CAMI may begin as early as April 19th, 2010. Any member who accepts Preferential Hire will retain their recall rights to their former location(s).

Eligible employees can apply from February 24th until - 3:00 pm March 19th, 2010. It is important for you to note that, no applications will be accepted after March 19th, 2010 and that members laid off from all GMCL locations can apply for this preferential hire opportunity and will be selected by corporate seniority.

Skilled Trades

Skilled trades with recall rights can also apply, however, they will not be considered for employment until all production employees on the list have been exhausted.

Application Deadline

Special Preferential Hire Application Forms are available at the Union Hall and can be downloaded at the following link. <http://www.caw199.com/forms.html> Completed forms must be dropped off at GM Plant Security at the Glendale Avenue location, before 3:00 pm, March 19th, 2010. We highly recommend that you retain a photocopy of the application form for your own records, and please do not mail the applications.

Recall List

For your convenience the St. Catharines recall list has been updated, posted on our website and can be seen at the following link. <http://caw199.systemdoc.com/seniority.html>

The Shop Committee will continue to represent the best interests of all active and laid off workers and hope that anyone who wishes to return to St Catharines, will have the opportunity to do so. Until that time this is a very good opportunity for laid off workers to not only secure your income and your benefits but also move towards retirement. The committee would like thank the CAMI plant chairperson, Mike Vanboekel and National Staff Rep., Keith Osborne for their part in making this agreement happen.

In Solidarity,

Terry White, GM Unit Chairperson

On behalf of the Bargaining Committee

Gary Martin, Peter Barber, Dave Dean, Scott Little, Mark Mazachowsky, Tim McKinnon
