

Good Jobs + Strong Public Services
Healthy Communities

Help us drive the message home

We're going on the road to fight for good jobs, strong public services, and healthy communities.

The Drive To Work is linking with affiliated unions and community partners, including churches and anti-poverty groups.

We hope you'll come with us.

We're taking the fight for jobs and services up a notch. We're asking folks to join The Drive To Work caravan of vehicles that will travel Ontario highways and stop in dozens of communities to drive this message home:

People and communities are hurting because of job loss and service cuts. No one and no community is alone in this struggle. Let's tell the stories behind the statistics. We have solutions. We need you to help us make the government listen.

From Kenora to Kingston, from Smooth Rock Falls to Smiths Falls, from Wawa to Windsor, people with something to say can speak and be heard.

We leave from two points – Kenora and Oshawa – on Monday, June 8. Seventeen days later – on Thursday, June 25 – we finish in Toronto.

Please join us for any part or all of The Drive To Work.

Will you join us and help make a difference?

Watch for details and The Drive To Work itinerary.
