GENERAL MOTORS 2012
BARGAINING DEMANDS

2012 Bargaining Information:

The Union would like to inform the membership of its plan to put out demand sheets early for 2012 bargaining. This way, **you** can let the Bargaining Committee know what is important to **you** in this year's round of bargaining in September of 2012. The Master Bargaining Committee will be going to Big Three Auto Council on January 17 and January 18, 2012. This Council will start formulating plans for this 2012's upcoming Bargaining. Once you have filled out your demands, you can either hand this paper work back to your respective Committeeperson, drop it off at the Union work centers or at the Local Union Hall. There will also be boxes in the clock house to put your demand sheets in.
